

Brookship Office  
Friday 23<sup>rd</sup> Oct.

Dear Papa,  
Just a line to let you know  
that I am getting along O.K. & hope  
you are all the same.

We have had a good trip so  
far I have not been a bit sick so far  
and hope I shall not be.

Yours & ones ~~and~~ alone  
it is getting a bit rough in fact  
too rough to write

Will write a longer letter  
next time.

With best love to all

I remain  
Your affectionate Bro'  
Keele.

P.S. We are getting close  
to Albany West Ind. &  
I am writing this in hopes  
to get it posted thro you

20<sup>th</sup> February 1916

Dear Freda,

I was very pleased to receive yours dated the 16<sup>th</sup> January a couple of days ago and was pleased to hear that you were all well. It was a pretty fast mail, just over a month.

Have not had a chance to look Uncle Fred up yet but am glad that you have sent me his address as the opportunity may occur at any time.

Suppose by the time Uncle Walter & an his way back to the Land of the Pyramids and hope I shall join against him. I suppose before this reaches you Dad will have received my letter of about 10 days ago telling him of what arrangements I had made in regard to my money. Hope to all points out as I anticipate.

Sorry to hear that there are no better reports of Uncle Jack available but trust he is now on the improve.

I was very glad to hear that my watch had turned up ok so I can tell you how much I prize the

the same. Had been making inquiries about it in Cairo but could find out nothing so had put it down as a bad job.

Think I told you in my last letter of my meeting Frank Luick but up to date I have seen nothing of Tom Board.

Told you in previous letters that the Christmas parcel from Dad had arrived OK also that sex and papers were also arriving regularly. I was very disappointed at not receiving a couple of parcels which was good enough to send me.

I was at Lemnos when Captain Noel Briers died there and was present at his funeral. It was real bad luck for him to die just a thing or two had finished for the time being at Gallipoli. He had been having a spell at Lemnos when he took ill.

We have been having really rotten weather lately getting nothing but dust for day and night long. It is commencing to sprinkle now so I hope we are going to have a change for the better.

Tell Rowl that young Beckett whom he asked me to look up made himself known to me the other day. He recognised me from my likeness to Rowl & seems a very

sort of a boy. Did not have a chance to see anything more of him.

Had a letter from Ann by this mail and she seems to having a pretty good time by the seaside. She must have had a pretty narrow escape in the surf at Manly. I hope she does not suffer from any ill effects.

I am enclosing a couple of photos of the cemetery at Del. St. Kiber where the fallen heroes of that battle which took place in 1837 are buried. It is an extremely pretty place and I would like you to look after the photos for me, as I hope to have a good collection on my return.

Well Freda I think I will now close as there is a scarcity of available news. Remember me to all enquiring friends and with love to all at home.

I remain

Your Affectionate Brother  
Haroldo.

P.S. Give my kindest regards to Ruby when next you see her. Tell her that I hope I shall see her in the near future.

28<sup>th</sup> April 1917

Dear Freda,

Just a few lines in reply to yours of the 17<sup>th</sup> Febry & 4<sup>th</sup> March which duly came to hand. I was glad to learn that you were well also the rest. Tell Dad I received his letter dated the 28<sup>th</sup> March and that I shall reply in a few days time. Pleased to say that I am quite well and that the weather over here has taken a change for the better, so hope to have some excellent weather in the next few months.

What do you think of the state of the war now? It looks as if Fritz is feeling the pinch now as he's getting crowded up in every direction. Think I must have a rough chance of getting home by next Christmas.

Glad to hear that you and Marge had such a good time at Point Blanc. I had letter from Vera Blackmore written from there and she also appears to have had a

Good time.

So the postcards of Paris arrived O.K. what do you think of the place wasn't I lucky striking the trip

I had a letter from Rowl a couple of days ago and am glad to be to tell you that he has had his transfer approved & expected to be sent to the Pioneer Camp at any time, so that's good news.

Sorry to hear of Dads boil rather hard luck on him for his holidays but suppose he is O.K. by now.

~~Well Dada,~~ there is not much news from his part other than war news, which is not too entertaining so I think I must now conclude.

With love to all at home

I remain,  
Your aff. Brother  
Harold.

Belgium.

23<sup>rd</sup> September 17

Dear Frieda,

Just a few lines, in  
with the push to let you know that  
I am O.K. up to date. Suppose  
you will have learnt from the  
papers long before this reaches  
you that we have been into the  
push once more and acquitted  
ourselves well. We seem to be  
able to push fairly as we like  
now but it's a pretty expensive  
game. Our ~~last~~ <sup>last</sup> advance a  
mile the other day which was  
very good work, casualties  
weren't too heavy, our battalion  
lost six officers, it killed and  
about 150 others, it's not over  
yet however as we are now on  
with the consolidation of the  
position building tramway  
roads etc. but it's been quiet

Having heard from Rowl lately  
he's still in England and is  
alright.

Had a letter from Keith  
Stook the other day he's about  
50 miles from me now and I am  
awaiting a chance to see him.

Have pinched a motor bike &  
want to ride it so it should  
not take long to get over the  
distance.

There's not much more news so  
must now close with love to  
all

I remain

Your affectionate Bro  
Harold

Belgium  
17.10.17

Dear Breda,

Just a few lines to let you know that I am still in the land of the living and doing well.

Haven't had much time for writing lately as the war has been going strong in this particular part as no doubt you have learnt from the papers before this. Times have been pretty strenuous with the usual number of narrow escapes but so far I have missed everything that's been close.

Had a few lines from Rowl the other day, he's quite well and is still in England though anxious to get across here. By the way, if I am lucky I should manage six months on the training staff in England in about three months time.

Had a letter from Wino's brother Stan the other day, he's also OK.

I also heard from Marg Flook  
about a week ago, she's just returned  
from a trip to Ireland after spending  
a grand holiday. Have met Kalth  
Flook several times lately he's  
also well and enjoying the war.

Poor Fred McKinley whom I  
think some of you met was killed  
in the last stunt about the 10<sup>th</sup>  
haven't heard full particulars yet.

We are expecting some  
battalion Christmas cards to hand  
in time for the Christmas mail but  
in case the turfs are particularly  
energetic then I will take this  
opportunity of wishing you all  
a Merry Christmas and a Happy  
New Year

Hoping this finds you all well  
will write longer next week

I remain  
Your Affect Brother  
Harold White

Sabathu  
Sunla Hills  
23<sup>rd</sup> June 1918.

Dear Freda,

As it is Sunday afternoon I am going to make a valiant attempt to write you a few lines in reply to your letter dated the 10<sup>th</sup> March which I received a couple of days ago, & by which I was glad to learn that you were well. — I have been wondering why I have not received any letters from Australia direct yet but hear that Australian mails were lost on the Andania about the end of January and evidently <sup>my</sup> letters of explanation went down on them however ere this you should have heard further from me regarding my movements. — I am still at the course of instruction that I mentioned in my previous letters but it should finish in about a fortnight or three weeks time (the actual date is not definitely known) and I shall then be going to join the Sappers & Miners at Roorkee (you should get a map of India & then you will be able to follow my movements round). I expect to have to attend a refresher course in field engineering at Roorkee lasting about two months by which time I should have passed the necessary

language examination and be fit for active service with Indian troops. Palestine and Mesopotamia are the most likely points so you had better send me your boys address as I may be able to look him up — Did you ever receive a letter telling you that Hughie Carrigan spent a night with me just before his death and that I was able to present at his funeral and fix his grave up properly. He was buried at a place called Flamentinghe about midway between Poperinghe and Ypres in Belgium. He had very bad luck in being killed as he was already gassed & wounded and was being carried back on a stretcher when a shell came along and killed him and the stretcher bearers. Death was instantaneous so you can let his mother know that he did not suffer. — I tried to get a photo of his grave but there were always too many people about and cameras are prohibited.

Am getting a bit fed up with India already but it is really funny how one so soon get tired of a place nowadays & if you are in France you want to be in England where all is quiet and if in England in France or somewhere else. — The weather is not too bad averaging about 85 to 90 in the middle of the day & the nights are cool but this of course is in the hills, on the plains they are getting it 110 + 120 glad I am not there.

Have not heard anything of Rowl since coming out here but hope he is alright as I guess he will have had rather hot reception in France. Have not had a letter from anyone in the battalion either so presume they have not had much time for letter writing.

Cannot tell you what is going to happen to me for the present as I have not made up my mind but after the war you can always resign your commission if you so wish. The life here is very good but you never know how the climate is going to affect you and all that sort of thing and there is an absolute absence of social life. For instance at this station there are about 20 white women all married and you only see about one of them a day.

Will try and send you a Kurino later on as have not been long enough in the country yet to judge the value and in Eastern countries nothing can be bought at anything like a reasonable price without about a hours bargaining. The traders usually ask for about three times the value of everything and if you are new at the game it is a case of come and be robbed.

I had a couple of letters from Alice Ferguson by the same mail as yours and she was telling me of your visit and discussion about the Indian Army.

she rather told me off too but I would love to see her first letter to Bob Lyndy who is also out here.

well Freda I think I must now close as I think I have done pretty well with such a <sup>scarcity</sup> of news.

They have just killed a snake about a hundred yards from the bungalow about 12 ft long they called me out to see it and it is a beauty

Tell Aunties min & Jo that I will write to them in a couple of days time

Lots of love to all

from  
Your affectionate Brother

~~Harold~~

Roorkee

India

26<sup>th</sup> July 1918

Dear Freda,

I was very pleased to receive your letter dated the 12<sup>th</sup> June today and to hear that you were all well.

As you will see by the above address I am now with the Sappers & Miners at Roorkee and very nice too. Always address my letters c/o Cox & Coys as they are my agents etc. and will forward them on to me no matter where I may be.

I have just had a few days in hospital came out yesterday was unlucky enough to strike a bout of malaria but am all clear again now excepting for prickly heat with which I am covered from head to foot but

That's nothing serious just a little unpleasant.

The weather is very hot here usually anything from 100 to 110 degrees in the middle of the day but work is carried out between half past six and ten in the morning that is parades etc only office work to do after that.

Had a few days leave last week & went for a trip to Simla the summer capital of India where the weather was beautiful. It was a very nice place and I spent quite an enjoyable two days. I then journeyed down to Delhi quite an historic old spot in connection with the mutiny but it was very hot there and there was not much chance of getting about however I managed to see a few of the sights. During this trip of mine I found out how rotten the Indian Railways were I lost my luggage twice and found it again one box with ~~out~~ a broken old key in the lock so evidently some

one had been <sup>3</sup> on the lookout for something good but suppose I should consider myself lucky.

I had a line or two from Rawl a couple of days ago and am glad to be able to tell you that he was well and was having a quiet time at the time of his writing. He told me that another one of the good old boys had gone out Max Martin from Armidale who had won the M.C. and a bar to it and was one of the best.

Fancy young Richie White and Cecil White both coming to ~~the~~ war I can hardly believe it as they were both kiddies when I last remember them but suppose four years is a long time. I met that cheap Supt Blake just before he left England and as he lived at Newtown and was not a bad kid I told him to look Dad up. By the way did Bill Smith ever go

go out to see you. I also too will  
remember that chap box whom  
Auntie made met but had not better  
say anything more about him

I have not got your Basils' address  
and as I may be going to Palestine  
you had better send me his address as  
I may have an opportunity of looking  
him up. Of course I do not know  
whether it will be there or Mesopotamia  
yet.

Don't think there is any more news  
this time so must ring off  
with fond love to all

Believe me to remain  
Your Affectionate Brother  
Hardy

Roorkee

4<sup>th</sup> October 1918

Dear Freda,

Many thanks for your letter of 17/8/18 which I received yesterday and by which I was pleased to learn that you were all well. I am glad to be able to report myself likewise though I had been rather peedy for a few days I am quite better now.

The weather here now is much improved though still about 93° in the daytimes we are getting very cold nights and have had to resort to blankets early in the morning

I have just returned from a holiday in Moussorie a very popular hill resort quite close to here, where I spent a very good time had only ten days leave and was unlucky enough to get ill during the last couple of days so am afraid from a health point of view the change did not do me too much good. Still there was plenty of sport up there skating etc. theatres and pictures and plenty of the fair sex

On my arrival back here I was warned to get ready for Mesopotamia and hope to be off very shortly though one never knows. I am glad to be on the move again though I would

much preferred Palestine but we can't always have our own way. The climate out at Mesopot at this time of the year is glorious and as I shall have a chance of warming up with the rest summer I don't suppose I shall feel it too badly.

Thanks for the Casualty List you sent also the para re Hughie Carrigan's medal. Did you ever receive my letter telling you to let Mr Carrigan know that I was in the same part of the country that Hughie was killed and was present at his funeral. I also managed to fix his grave up with a cross and railing. In case they do not know he was buried at Plamertinghe a place quite close to Ypres in Belgium. I tried to get a photographer of his grave but there were too many people about each time I went along so cameras are not allowed in France.

Haven't heard from Rowl for ages but in a letter from some of the chaps in the battalion they mentioned that he was quite well and making <sup>good</sup> so you can rest assured that he will be well looked after. The battalion has evidently been into it as the letter mentioned some of the officers being casualties.

Today is Saturday and Monday next has been declared a public holiday throughout

India in celebration of Bulgaria pulling out so we are all naturally pleased and wish I few more would do likewise. It certainly looks as if we are starting to win the war now with successes on all fronts. I wouldn't be surprised if they tried a bit of a push in Mesopotamia too.

Am pleased to learn that Basil is still going strong but I am afraid there is not much likelihood of me meeting him for sometime to come however I will make a note of his address, as you never know where you will finish up.

I had a letter from him this mail also some from Elsie Ferguson and one from the Prentices. The latter have told of a wonderful rumor that Uncle Sam told the postmen who told them that I would be home in February. I don't know where the rumor originated but I only hope they are right. Is it a fact that many of the original Expeditionary Force are getting a trip home now? I have had it mentioned in several letters but can't find out for certain.

I met a couple of Australian soldiers up in Moscow much to my surprise and found out that they were from the Wireless Crowd in Mesopotamia and had been granted 30 days leave in India which much to their regret was nearly up. I had them out to lunch and had

quite a good time with them Cannot tell you how  
nice it was to be with Australians once again.

A couple of Bulletins and a Sportsman have  
just come in by post, the former from Elce  
Ferguson and the latter from Dick Pearce both  
very acceptable.

Think I must now ring off as news is  
scarce

With lots of love to all

Believe me to remain  
Your affectionate Father  
Hardy

P.S. Dads letter did not arrive

Landi Khana  
Kyber India

27. 2. 21.

Dearest Dada,

Heartiest congratulations to yourself and Sid on becoming a happy Mother & Father & best wishes to the issue from her uncle Harold for all future happiness & prosperity. The glad news only reached me this week through a number of sources Pa, Win & Jessie Sharp and I was glad to hear that you had got through your troublesome time so successfully. Pa from the time of his letter seemed immensely pleased though a bit worried at having both you & Marge down at the one time. Marge seemed to have been particularly unfortunate, but hope that long ere this she is quite her old self again.

The news about poor old Auntie Guitie did not come as a surprise to me sort of expected it but was glad to learn that in her will she did not forget the many kindnesses of yourself and Marge to her. She certainly was a bit trying at times but you two shuck it like bricks.

Pa was telling me that Sid's firm were appreciating his services very well which I was glad to hear. Hope he keeps on doing as well.

all the time.

I am phis out in the blue & there are no immediate prospects of getting Win over but it should be certain after the next hot weather that in for her to leave Australia about the end of August. I sincerely hope it will be so for both our sakes as I know we both miss one another more than either of us let on to our another. It's jolly rough being parties like this but when I complain Jim told Jim a soldier first and a married man afterwards quite right I suppose too. Wouldn't like to be like Lyall my present Lt. his wife left India went home to England in 1914 when war broke out and he next saw her in January 1920 rather a hard case wasn't it.

A letter from Win has just come in dated the 4<sup>th</sup> February and it is full of joyce she has promised to send me a snapshot of her in a few days time shall be delighted to get it. I must be wonderful for you & Sid.

The weather is warming up again & we shall have another Summer on us in no time and this place is going to be a beauty in the hot weather so hope that I can escape it. An Army order came found yesterday telling us that we were all (that is all officers) ~~officers~~ going

to be given two months leave during the hot weather. Don't know whether I shall be able to avail myself of it yet a while though I may manage it about July or perhaps I could work it in with Wines coming over.

Think I must now run off write when you get a chance Give my kindest to Ed & with love of love

I remain

Your Affectionate Brother  
Harold

Have just discovered that I haven't your address have forgotten so am sending this to Pa.

Major H. S. White, of Manly, who left Australia with an infantry unit, is reported killed in action in another long casualty list issued to-day.

ADRESSE

Dear Dad

These two post cards will give you an idea of how comfortable we are here, we are getting best of attention. I was operated on on the 4<sup>th</sup> & had my bullet removed. The wound of entrance had completely healed but my arm on being opened at the spot where the X rays showed the bullet to be was not as well as expected.

an abscess had formed around the bullet which they removed I have had a splint on until today so my writing is a bit awry.

I will be sending you the bullet also my watch as soon I can get some money. (Have not seen the Paymaster for 3 months) which I should like you to keep for me  
Love to all  
Haroldo.

**V A L E !**

**Major Harold S. White**

The many friends of Harold S. White will regret to hear of his passing, "Killed in Action, Tobruk, 21st May."

An original Anzac, who fought throughout the 1914-1918 struggle, Harold later joined the British Army in India, and after two Waziristan campaigns, during which time he supervised the construction of the furthestmost post in the Khyber Pass, Harold returned to Australia and joined the N.S.W. Railways as an Engineer in 1922.

He continued his Army interests with the Militia, and on the outbreak of the present conflict joined the A.I.F. as Major 2/1st Pioneer Battalion.

His cheery smile and fishing rod will be missed from the Ocean Beach, also his cheery presence from the 8.10 ferry. He leaves a widow, daughter, and son, Sub.-Lieut. R.A.N.

He died a soldier and a man.
